Kishan then walked the group through the most up-to-date spreadsheet reflecting the proposed CFAD, highlighting the portion of the spreadsheet which identified the amount of funding being held by each agency for consortia wide positions. Kishan began the review by noting the agreement between the total allocation from the state memo and the sum of SBCAE member allocations and how this year's COLA was incorporated. He reminded the group of the current state budget considerations and that these numbers may shift following legislative approval processes. 	Dr. Branch asked about steps being incorporated to attain these figures, and Traci clarified that they work with each agencies' Budget Office to incorporate the current figures and projections.		
	Kishan continued by highlighting the summarization of consortia wide positional balances with any additional consortia wide carryover at each agency where this was applicable.		
	Kishan finished his presentation by reminding the group of the adult ed functions at SJCC moving from the District office in the prior year and noting that final accounting may free up a little more money.
