1:00	5) Consultation Council Report Margarita - <ul style="list-style-type: none">Concerns with the way CAEP was meant to be implemented in legislation and that there is not supposed to be a duplication of effort in programs.For instance, if Adult Education is offering lower-level ESL then the community colleges should offer the next level, etc. Students would be better served opening up more CTE programs and to make them available in the evenings and weekends. There are well-paying positions that could be obtained by students by completing these programs.The council would like to make sure we are following the intention of CAEP and that students' needs are being met.	Margarita, Phil	INFORMATION
1:20	6) 2023-2024 Preliminary CAEP Allocations Traci - Kishan will give a quick snapshot of where we are at this stage with next year's allocation amounts. Kishan -The memo that was released from the Chancellor's office - CAEP, showed numbers looking very positive with an 8.13 % COLA announced. With that, the consortium is now getting \$1,607,709. That puts the total funding at \$21,382,819. At this	Co-Chair	INFORMATION

	<p>point, the committee is looking at these numbers and how effectively we could put them to use. There have been conversations regarding the Innovation Funds for members to apply for. We also need to include data outcomes and develop a process to institutionalize that money. Nothing is final at this point but we will have a general proposal at the next meeting in April and more feedback will be collected at that time. Approval of CFAD is due on May 2nd in NOVA.</p> <p><i>Traci opened for questions:</i></p> <p>Eric - Would the default proportionally give those additional allocations to all the members?</p> <p>Kishan - Sure, but that would be up to the group to decide. We could put that idea out to see what those outcomes would look like.</p> <p>Traci - Once the Member Effectiveness Committee reports out as colleges are presenting today, along with Ilse's presentation on the Innovation application and what that might look like, it would give us a couple of options to consider at our April 7th meeting. The Steering committee will be voting on the direction and how the allocation will end up. As a consortium we are getting \$1.6M, if we weren't doing anything different then the answer to Eric's question would be yes. But we want to look at the bigger picture and understand everything we are dealing with so we will wait until April 7th with the information.</p> <p>Moni -Just for clarification, the \$1.6M is COLA funds? Can we use these funds for anything else besides COLA?</p> <p>Moni - April 7th is a holiday at SJCC but we could still attend if the meeting is essential because of the voting.</p> <p>Kishan - The money comes in the form of COLA. In the past, we did top of these funds for other purposes for instance when we created consortium-wide positions. The system gives us flexibility on how to use funds.</p> <p>Traci - Since Moni is on holiday during the initial presentation, there will be no voting that day. Information and recording of meetings will be shared. Invited Moni to come to a co-chair or Member Effectiveness meetings to share any concerns not addressed before the next meeting. That will be the workaround during her absence.</p>		
1:40	<p>7) Member Effectiveness Committee Update</p> <p>Traci - The colleges have put together a presentation explaining their expense structure. At last month's meeting, the adult schools shared their budget results and how they are spending CAEP funds. Talked about the Innovation grant application and how to support these agencies if CAEP and federal funding if not sufficient to cover all the things we would like to do for the students.</p>	Traci	INFORMATION/ DISCUSSION

Moni/SJCC - The presentation is from the four colleges on how funds are allocated. The purpose of the presentation is to show that we are aligned with CAEP funding, transparency, and data goals.

RECOMMENDATION

- Work collaboratively to meet the outcomes submitted to the state.
- No budget modification made for year to assess everyone alignment to outcomes
 - Budget are within "reasonable and sound judgement" to support the outcomes of regional plans for CAEP funds

- Project proposals that direct impact to increase our outcomes goals.

	<p>Eric and Jackie presented West Valley/Mission Budget combined. Eric added a comment from slide 4. He has a different perspective coming from a non-basic aid community college and now at WV/Mission which is a basic aid district. WV college has consolidated all non-credit into one division. Mission and Cabrillo a lot of non-credit go through the credit departments. The different focus with the colleges and how we work with Adult Education.</p> <p>Kishan - wanted to let members know that this budget included rollover from previous years</p> <p>Robbie - Evergreen Valley CC - ours is a little similar and a little different. A lot of what we do is not encapsulated.</p> <p>Moni - similar to our budget, we are returning to our numbers. Not just getting the courses out there but support too.</p> <p>Margarita - asked for clarification regarding the Milpitas extension site.</p> <p>Usha - regarding the non-credit courses offered, would these classes be offered as a bridge into credit courses?</p> <p>Eric - AB705 is different; we are not supposed to offer any pre-transfer level courses. It addresses HS students who come over. Conversation with AE to offer pre-algebra.</p> <p>Eric - Any non-credit class offered should be a pathway. That is the way it is supposed to be designed.</p> <p>Moni - Working with ESL to be more contextualized. Partnering so students are not shuffled around. There should not be any prerequisites to non-credit courses.</p> <p>Ilse - shared the Innovation Fund application information. Conversations on how members could access excess consortium-wide funds. This is a draft, inviting everyone's feedback and comments:</p> <p>SBCAE Innovation Fund application DRAFT as presented to Steering Committee, March 2023</p> <p>Purpose</p> <ul style="list-style-type: none"> ● For SBCAE member agencies to request consortium funds for innovation projects, above and beyond their base CAEP allocation. ● Projects must comply with CAEP fiscal management guidance, be aligned with the active consortium three year plan, and fall in one of these categories: <ul style="list-style-type: none"> ○ Program development <ul style="list-style-type: none"> ■ Maintenance of effort/address projected budget shortfall ■ Program expansion ■ Addition of new programs ○ Student equity & success <ul style="list-style-type: none"> ■ Student support services ■ Serving unmet community needs ■ Serving new populations ■ Transition services

Guiding principles

- CAEP legislation calls for
 - Integration of services / collaboration across members
 - Accelerated pathways
 - Mechanisms to achieve this include: contextualized ESL/Basic Skills courses, bridge programs, co-location, dual enrollment, mirrored classes
- A priority for SBCAE is to provide pathways/onramps for ESL/basic skills students into CTE (increase ESL to CTE and ABE/ASE to CTE transitions)
- Student centered: program design needs to be responsive to student needs, provide supports & remove barriers to participation where needed
- CTE programs need to be responsive to Labor Market Information, organizational capacity and student interest/need (the 'sweet spot')
- In the collaborative consortium environment, agencies are expected to inform consortium members of program development decisions
- SBCAE Tiers of priority (from original consortium Three-year Plan)

2:10	<p>8) Partnership Updates</p> <p>The March 9th Consortium-wide, Community Resource Fair was a huge SUCCESS! Katie thanked everyone in the consortium for trusting her to put this together and to pilot it out. She acknowledged all the hard-working volunteers for their collective efforts. THANK YOU! The AM session had close to 400 people turn out and the PM session had approximately 350 show up. It is estimated that over 800 students and community</p>	Katie	INFORMATION

	<p>members were served. Katie stated the teachers were super supportive in many ways; helping people at booths and ushering them to where they needed to go. The motto for the planning of next year's event is "Go Bigger" as a larger venue will be needed with all the positive outcomes of this year's fair. She shared pictures from the fair with the members. She hopes that the committee feels this is worth investing in.</p>  <p>Comments:</p> <p>Traci - Kudos to you Katie! Thanked ESAE's Transition Specialist, Sonya for supporting the event.</p> <p>Margarita - There were a lot of students who came on their own. 	<p>The materials include a consortium booklet that gives general information on our programs. There are also three trifold brochures, High School Diploma or Equivalency, Career Technical Education, and English as a Second Language. Ilse stated that she would like to develop a CTE brochure that lists all the short-term CTE and noncredit CTE courses from our Adult Ed and Community Colleges. The logo files will be sent out to all soon, please replace the old logo so we may continue to present ourselves as one consortium.</p> <p>Eric - likes the new brochures and states that everything is clean and crisp with the font and the photos. He also stated that the colleges in the state are moving away from the word "Technical" and using Career Education.</p> <p>Moni- we are moving away from the word technical being used because a survey was conducted and students don't understand what that means in education.</p> <p>Ilse - The marketing firm that developed the brochures was referred by Santa Clara adult ed and has also worked with Berkeley adult ed.</p> <p>Chats:</p> <p>Maniphone (Moni) Dickerson, VP-SPWI, SJCC - Can this be translated into Spanish and Vietnamese?</p> <p>Margarita Ortiz-Minett: CACE - This looks fantastic!</p> <p>Kelle Mason - I agree!
